

*Industry Advisory from the  
Building & Safety Department*  
**Required Construction Documents  
In the Field  
May 16, 2022**

The Building and Safety Department would like to remind all contractors that in order to complete an inspection the following items are required to be available on the job site:

- A printed copy of the permit
- A printed, full size copy of the plans

The permit card can be printed by clicking on the permit number on your Dashboard or looking up your permit number from our Check Status page:

<https://www.lasvegasnevada.gov/checkstatus>

Without the above items, the inspection may be failed and will need to be rescheduled when the items are available.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michael Cunningham".

Michael Cunningham, P.E.  
Deputy Building and Safety Director  
City of Las Vegas  
Building and Safety Department
